

## JANKE BOOKSTORE

Central Wisconsin's Finest

### **GREAT BOOKSTORE!**

Janke Bookstore is a great family owned business. They have a great selection of office supplies, wedding supplies, and calendars. They are more than willing to put in a special order for you and have a bargain basement full of cheap but great books. Their books are full price upstairs, but for the variety, it's well worth it. The employees are also very nice. Jen P.

### **GREAT BOOKSTORE - GREAT SERVICE!**

If you are looking for a particular book and want to pick up some office supplies while you are there Janke's is the place to go. They have it all. They also have a selection of wedding invitations and greeting cards. The staff are as helpful as if you go to the library. They know their books. It is a great place to go shop and take your time looking at all of the different products. S.B.

### **WONDERFUL!**

This is a nice bookstore that offers lots of titles but doesn't have the corporate feel to it. They are still small enough to be considered small town and offer that unique special touch. The staff is very helpful in locating whatever book you would like. Debra K.

### **FRIENDLY FACE & GREAT BOOKS**

Need a book? Take a look at Janke Book Store. They're just a hop, skip, and a jump from the mall, so why not pay them a visit. The staff is great, well-trained, and smiling. They can special order things that you can't find on the shelves. Reasonable prices overall. Check it out on your next trip to the mall! Jan B.

### **NICE FAMILY OWNED BUSINESS**

It is nice to still see family owned book stores around, especially Janke Bookstore. While the prices are full price for the newer books they do have a bargain section with reduced prices. The associates are very knowledgeable and helpful when you need assistance. This is not so often the case with the bigger retail book stores. If they do not have a particular book in stock that you are looking for they will special order a copy just for you. Very good service! - Kam A.

### **NICE**

This is a nice down-home bookstore. The staff is wonderful, they will even order books for you if they don't have what you're looking for on hand and the turnaround time is quick. Located downtown, it's convenient to stop in while doing other shopping and even at that, their array of products is impressive. It's an easy walk from the nearby mall. I would recommend this bookstore to anyone - it's Great! Kristie M.
